For country residents travelling to the event on Saturday, bib collection will be held at the *SA Athletic Stadium*, [Marjorie Jackson Nelson Dr, Mile End](#) from **8:00am to 2:00pm on September 17.**

FREE SKIN CHECKS

Foundation are proud supporters of the Lumary City-Bay Fun Run and have been attending the event for a number of years now. We are excited to once again be part of this amazing event in 2022 and to offer free skin spot checks. This year we are coming along with the Lions

Medical Research Foundation's Skin Screening Unit volunteers who are all professionally qualified and work tirelessly travelling around to engage with the community to change these alarming statistics of skin cancer and melanoma.

Australia is the skin cancer capital of the world.

Two out of every three Australians will be diagnosed with skin cancer.

It is the most common cancer affecting young Australians.

Early diagnosis has a dramatic and critical impact on successful treatment because skin cancers can grow rapidly.

In Australia, one person dies every 6 hours.

AMRF and Lions will work together to promote sun safety and early detection and the importance of regular skin checks at the event this September.

Come and see us at the AMRF marquee where we will be offering sunscreen on the day, skin checks and information.

AMRF is a not-for-profit charity organisation established in 2006 by a dedicated group of volunteers to provide funding for Research, Awareness and Early Detection programs. AMRF aims to reduce and prevent the incidence of melanoma, referred to as Australia's national cancer, by conducting regular education and awareness programs and participating in community events such as City-Bay.
